

# MA Case grandMA3 compact

(by Peli)

Art.-No. 4023469

This extremely lightweight, dust proof and high impact-resistant flight case by Peli™ is watertight (IP67 certified) and equipped with a valve for automatic air pressure regulation while keeping water molecules out.

It comes with rugged in-line wheels and a retractable extension handle for convenient travelling. Five press-and-pull latches and two padlockable hasps ensure safe transport of your device. Variable foam plates inside can be removed to place accessories like cable or even a laptop (maximum dimensions for laptop: 36 x 25 cm).

The weight of case plus device meet the maximum weight specifications for checked baggage (according to IATA), but always check with your airline for exact measurement requirements.
