MA Set 4x rubber feet with mounting screw for height adjustment

for grandMA3 onPC fader wing

Art.-No. 4024600

This set of four rubber feet is the ideal accessory to compensate the difference in height between grandMA3 onPC fader wing and grandMA3 onPC command wing XT. The feet are mounted in four separate threaded holes on the bottom of the fader wing housing with a sturdy screw cap, which guarantees best stability.
The adjusted height enables pleasant and fluent operation for the user.
